*The complete Calendar of the University containing the Announcements of the Faculties of Law, Arts and Applied Science, Lists of Graduates, &c., can be had on application to the Secretary of the University.*

## NOTICE TO GRADUATES.

It is very important that a correct list of the addresses of Graduates should be in the hands of the Registrar. It would greatly assist in the completion of it if each Graduate into whose hands this announcement comes would look over the list, note any omissions or errors, and forward them on a Postal Card to the undersigned.

Let the Registrar know also of any change of residence.

DR. OSLER,

1351 *St. Catherine Street, Montreal.*

# General Statement.

---

## SESSION OF 1882-83.

The Fiftieth Session of the University, being the Thirtieth under the amended Charter, will commence in the Autumn of 1881.

By Virtue of the Royal Charter, granted in 1821 and amended in 1852, the Governors, Principal and Fellows of McGill College constitute the Corporation of the University ; and, under the Statutes framed by the Board of Governors, with approval of the Visitor, have the power of granting Degrees in all the Arts and Faculties, in McGill College, and Colleges affiliated thereto.

The Statutes and Regulations of the University have been framed on the most liberal principles, with the view of affording to all classes of persons the greatest possible facilities for the attainment of mental culture and professional training. In its religious character the University is Protestant, but not denominational : and while all possible attention will be given to the character and conduct of students, no interference with their peculiar religious views will be sanctioned.

The educational work of the University is carried on in McGill College, Montreal, and in the several Affiliated Colleges and Schools.

### I. MCGILL COLLEGE.

**THE FACULTY OF ARTS.**—The complete course of study extends over four Sessions, of eight months each : and includes Classics and Mathematics, Experimental Physics, English Literature, Logic, Mental and Moral Science, Natural Science, and one Modern Language, or Hebrew ; all which subjects are imperative in the first two years of the course ; but in the third and fourth years options are allowed in favour of the Honour Courses in Classics, Mathematics, Mental and Moral Science, Natural Science, and English Literature. Certain exemptions are also allowed to professional Students. The course of study leads to the Degrees of B.A., M.A., and LL.D.

**THE FACULTY OF APPLIED SCIENCE** provides a thorough professional training, extending over three or four years, in Civil Engineering, Mechanical Engineering, Mining Engineering and Assaying, and Practical Chemistry, leading to the Degrees of Bachelor of Applied Science, Master of Engineering, and Master of Applied Science.

**THE FACULTY OF MEDICINE.**—The complete course of study in Medicine extends over four Sessions, of six months each, and leads to the Degree of M.D., C.M. There is also a Summer Course, which is optional.

**THE FACULTY OF LAW.**—The complete course in Law extends over three Sessions of six months each, and leads to the degrees of B.C.L., and D.C.L.

## II. AFFILIATED COLLEGES.

Students of Affiliated Colleges are matriculated in the University, and may pursue their course of study wholly in the Affiliated College, or in part in McGill College, and may come up to the University Examinations on the same terms with the Students of McGill College.

MORRIN COLLEGE, *Quebec*—Is affiliated in so far as regards Degrees in Arts and Law.

[Detailed information may be obtained from Rev. John Cook, D.D., Principal.]

ST. FRANCIS COLLEGE, *Richmond*—Is affiliated in so far as regards the Intermediate Examinations in Arts.

[Detailed information may be obtained from the Principal, Richmond, P. Q.]

## III. AFFILIATED THEOLOGICAL COLLEGES.

Affiliated Theological Colleges have the right of obtaining for their Students the advantage, in whole or in part, of the course of study in Arts, with such facilities in regard to exemptions as may be agreed on.

THE CONGREGATIONAL COLLEGE OF BRITISH NORTH AMERICA, *Montreal*.

THE PRESBYTERIAN COLLEGE OF MONTREAL, in connection with the Canada Presbyterian Church.

THE DIOCESAN COLLEGE OF MONTREAL.

THE WESLEYAN COLLEGE OF MONTREAL.

## IV. AFFILIATED SCHOOLS.

THE MCGILL NORMAL SCHOOL provides the training requisite for Teachers of Elementary and Model Schools and Academies. Teachers trained in this School are entitled to Provincial Diplomas.

THE MODEL SCHOOLS OF THE MCGILL NORMAL SCHOOL are Elementary Schools, divided into a Boys' Department, Girls' Department, and Primary School.

COLLEGIATE INSTITUTES, ACADEMIES, and HIGH SCHOOLS may be affiliated in so far as regards Matriculation in Arts and Applied Science, under the University regulations, of which copies may be obtained of the Registrar.

[Details of all the above will be found in the Annual Calendar of the University and in Announcements of the special Colleges, Faculties and Schools, which may be had on application to the Registrar of the University or the Principals or Secretaries of the several Colleges, &c.]

# Governing Body of the University.

## VISITOR :

HIS EXCELLENCY THE RIGHT HON. THE MARQUIS OF  
LORNE, K.T., P.C.,  
GOVERNOR GENERAL OF CANADA, &c.

## GOVERNORS :—

[*Being the Members of the Royal Institution for the advancement of Learning.*]

THE HON. CHARLES DEWEY DAY, LL.D., D.C.L., *President and Chancellor of the University.*

THE HON. JAMES FERRIER, SENATOR, M.L.C.

PETER REDPATH, Esq.

GEORGE MOFFATT, Esq., M.A.

JOHN H. R. MOLSON, Esq.

THE HON. FREDERICK W. TORRANCE, M.A., B.C.L.

CHARLES J. BRYDGES, Esq.

THE HON. SIR ALEXANDER T. GALT, K.C.M.G.

THE HON. SIR FRANCIS HINCKS, K.C.M.G., C.B.

JOHN MOLSON, Esq.

JOSEPH HICKSON, Esq.

THE HON. ROBERT MACKAY.

THE HON. JOHN J. C. ABBOTT, D.C.L., Q.C.

ROBERT A. RAMSAY, M.A., B.C.L.

[The Board of Governors has, under the Royal Charter, the power to frame Statutes, to make Appointments, and to administer the Finances of the University.]

## PRINCIPAL :—

JOHN W. DAWSON, M.A., LL.D., F.R.S., C.M.G., *Vice-Chancellor.*

[The Principal has, under the Statutes, the general superintendence of all affairs of the College and University, under such regulations as may be in force.]

## FELLOWS :—

VEN. ARCHDEACON LEACH, M.A., D.C.L., LL.D, Vice-Principal and Dean  
of the Faculty of Arts.

HENRY ASPINWALL HOWE, LL.D., Governors' Fellow.

REV. JOHN COOK, D.D., Principal of Morrin College, Quebec.  
 ALEXANDER JOHNSON, M.A., LL.D., Vice-Dean of the Faculty of Arts,  
 Governors' Fellow.  
 REV. GEORGE CORNISH, M.A., LL.D., Elective Fellow, Faculty of Arts.  
 REV. HENRY WILKES, M.A., D.D., LL.D., Principal of the Congregational  
 College of British North America.  
 REV. D. H. MACVICAR, LL.D., Principal of the Presbyterian College of  
 Montreal.  
 WILLIAM H. HICKS, Esq., Principal of McGill Normal School.  
 J. J. McLAREN, M.A., B.C.L., Representative Fellow in Law.  
 JOHN R. DOUGALL, M.A., Representative Fellow in Arts.  
 WILLIAM H. KERR, Q.C., D.C.L., Dean of the Faculty of Law.  
 REV. J. CLARKE MURRAY, LL.D., Elective Fellow, Faculty of Arts.  
 HENRY T. BOVEY, M.A., C.E., Dean of the Faculty of Applied Science.  
 BERNARD J. HARRINGTON, B.A., Ph.D., Elective Fellow, Fac. App.  
 Science.  
 REV. E. J. REXFORD, B.A., Representative Fellow in Arts.  
 ROBERT BELL, Grad. Civ. Eng., M.D., Representative Fellow in App. Science.  
 REV. JOHN JENKINS, D.D., LL.D., Governors' Fellow.  
 REV. CANON HENDERSON, M.A., Principal of the Montreal Diocesan Theo-  
 logical College.  
 REV. GEORGE DOUGLAS, LL.D., Principal of Wesleyan Theological College.  
 WILLIAM OSLER, M.D., Representative Fellow in Medicine.  
 CLEMENT H. McLEOD, Ma. E., Representative Fellow in Applied Science.  
 J. S. ARCHIBALD, M.A., B.C.L., Elective Fellow, Faculty of Law.  
 GEORGE ROSS, M.A., M.D., Elective Fellow, Faculty of Medicine.  
 FRANCIS J. SHEPHERD, M.D., Representative Fellow in Medicine.  
 JOHN S. HALL, B.A., B.C.L., Representative Fellow in Law.  
 REV. R. W. NORMAN, M.A., D.C.L., Chairman of Protestant Board of School  
 Commissioners.  
 R. P. HOWARD, M.D., Acting Dean of Faculty of Medicine.

[The Governors, Principal and Fellows constitute, under the Charter, the Corporation of the University, which has the power, under the Statutes, to frame regulations touching Courses of Study, Matriculation, Graduation and other Educational matters ; and to grant Degrees.]

## SECRETARY, REGISTRAR AND BURSAR:—

*[And Secretary of the Royal Institution.]*

WILLIAM CRAIG BAYNES, B.A., Residence and Office, East Wing, McGill College  
 Office hours 10 to 2.  
 JAMES W. BRAKENRIDGE, B.C.L., Clerk ; Residence, 39 Lorne Avenue.

## Faculty of Medicine.

---

**WILLIAM E. SCOTT, M.D.**, PROFESSOR OF ANATOMY, 109 *Union Avenue*.

**WILLIAM WRIGHT, M.D.**, PROFESSOR OF MATERIA MEDICA AND PHARMACY, 84 *St. Famille Street*.

**ROBERT P. HOWARD, M.D.**, PROFESSOR OF THE THEORY AND PRACTICE OF MEDICINE, ACTING DEAN, 47 *Union Avenue*.

**DUNCAN C. McCALLUM, M.D.**, PROFESSOR OF MIDWIFERY AND DISEASES OF WOMEN AND CHILDREN, 45 *Union Avenue*.

**J. W. DAWSON, LL.D., F.R.S., &c.**, PROFESSOR OF NATURAL HISTORY, *East Wing McGill College*.

Assistant-Demonstrator.—R. L. MACDONNELL, B.A., M.D.

The fiftieth Session of the Medical Faculty of McGill University will be opened on Monday, October 2nd, 1882, with a general Introductory Lecture at 11 a. m. The regular lectures will begin on Tuesday, October 3rd, at the hours specified in the time-table, and will be continued during the six months following.

The Medical College, a large and substantial building situated within the University Grounds, contains two spacious class rooms, Students' waiting-room, Library, Museum, Laboratories, together with a large and well-furnished Dissecting-room.

The class tickets for the various courses are accepted as qualifying candidates for examination before the various Colleges and licensing bodies of Great Britain and Ireland, and the College of Physicians and Surgeons of Ontario.

To meet the circumstances of the General Practitioners in British North America, where there is no division of the profession into Physicians and Surgeons exclusively, the degree awarded upon graduation is that of "Doctor of Medicine and Master of Surgery," in accordance

with the general nature and character of the curriculum, as fully specified hereafter. The degree is received by the College of Physicians and Surgeons of the Province of Quebec.

## I.

**MATRICULATION.**

It is very important that intending Students should bear in mind the following: (1) *That if natives of Ontario, and if they wish to obtain the license of the Medical Board of that Province, they must pass the Preliminary Examination prescribed by that Board.* (2) *If natives of the Province of Quebec, they must pass the Matriculation Examination of the Quebec Medical Board. In either case the examination should be passed in the Spring. Both of these are accepted by the University, and a Student who has passed either of them is admitted to study without further examination.* (3) *Natives of the Maritime Provinces and of the United States, if they have not already passed the Matriculation Examination of a recognized University, must present themselves for the University Matriculation.*

*(a) University Matriculation Examination.*

This examination is the same as that recommended by the Medical Council of Great Britain. Examinations in conformity therewith will be held the last Friday and Saturday in March and the first Friday and Saturday in October of each year. Applications may be made to the Registrar of the Faculty till the evening of the previous day. The requirements of the standard for Matriculation are:—(1) English Language, including Grammar and Composition.\* (2) English History. (3) Modern Geography. (4) Latin, including Translation from the original and Grammar. (5) Elements of Mathematics, comprising (a) Arithmetic, including Vulgar and Decimal Fractions; (b) Algebra, including Simple Equations; (c) Geometry,

---

\* The ability of the candidate will be fully tested in the following:—“(1) To write sentences in English on a given theme, attention being paid to spelling and punctuation as well as to composition; (2) to write correctly from dictation; (3) to explain the grammatical construction of sentences; (4) to point out the grammatical errors in sentences ungrammatically composed, and to explain their nature; and (5) to give the derivation and definition of English words in common use.”

including the first two books of Euclid or the subjects thereof. (6) Elementary Mechanics of Solids and Fluids, comprising the elements of Statics, Dynamics and Hydrostatics. (7) One of the following optional subjects :—(a) Greek, (b) French, (c) German, (d) Italian, (e) any other modern language, (f) Logic, (g) Botany, (h) Elementary Chemistry.

TEXT-BOOKS.—Latin,—Cicero Oratures 1 and 2 against Cateline ; or Virgil, *Æneid*, Bk. I.

GREEK.—Xenophon, *Anabasis*, Bk. I., or equivalent.

FRENCH.—Charles XII., Two Books.

NATURAL PHILOSOPHY.—Ganot's Physics.

Graduates in Arts of recognized Universities are not required to submit to the Matriculation Examination, and a certificate of having passed the Examination before the College of Physicians and Surgeons of Ontario or of Quebec will be accepted by this University.

*(b) Matriculation Examination of College of Physicians and Surgeons of the Province of Quebec.*

The subjects of examination are as follows :—

Compulsory Subjects :—English, French, Latin, Arithmetic, Algebra, Euclid, History, Geography, Belles-Lettres.

Optional Subjects :—Candidates can select any one of the following :—Greek, Natural and Moral Philosophy.

The Examinations will be held upon Thursday, the 21st of September, 1882, at Quebec, and on Thursday, the 5th of May, 1883, at Montreal. Applications to be made to Dr. F. W. Campbell, Montreal, or Dr. Belleau, Quebec.

Examination Fee, ten dollars. Should the candidate be unsuccessful, one half the fee will be returned.

Of the four years study *after* having passed the Matriculation Examination, three six months' sessions, at least, must be attended at a University, College, or Incorporated School of Medicine, recognized by the "Provincial Medical Board." The first session must be attended during the year immediately succeeding the Matriculation Examination, and the final session must be in the 4th year.

(c) *Matriculation Examination of the College of Physicians and Surgeons of the Province of Ontario.*

The following are the latest regulations of the Ontario Medical Board respecting this Examination :

“ On and after July 1st, 1881, every one desirous of being registered as a Matriculated Medical Student in the Register of this College, except as hereinafter provided, must present to the Registrar the Official Certificate of having passed the High School Intermediate Examination, with Latin included, whereupon he shall be entitled to be so registered upon the payment of twenty dollars, and giving proof of his identity.

The said Examination to embrace the following subjects :

*Compulsory :*

- a. ARITHMETIC, ALGEBRA and EUCLID.
- b. ENGLISH GRAMMAR, COMPOSITION and DICTATION.
- c. HISTORY, GEOGRAPHY and ENGLISH LITERATURE.
- d. NATURAL PHILOSOPHY, CHEMISTRY and BOOK-KEEPING.
- e. LATIN.

And one of the following :—

*Optional :*

- a. GREEK.
- b. FRENCH.
- c. GERMAN.

Graduates in Arts, or Students having Matriculated in Arts in any University in Her Majesty's Dominions, are not required to pass this Examination, but may register their names with the Registrar of the College, upon giving satisfactory evidence of their qualifications, and upon paying (after July 1st, 1881) the fee of Twenty Dollars.”

It is held on the first Tuesday and Wednesday of April, at Toronto.

## II.

### ENREGISTRATION AND PAYMENT OF FEES.

The following are the University Regulations :—

All Students desirous of attending the Medical Lectures shall, at the commencement of each Session, enrol their names and residences

in the Register of the Medical Faculty, and procure from the Registrar a ticket of Enregistration, for which each Student shall pay a fee of \$4; excepting in the Clinical Classes, in which enregistration for Students of other Schools shall not be compulsory.

The said Register shall be closed on the last day of October in each year, The fees are payable to, and all class tickets will be issued by, the Registrar, and must be paid (except under special circumstances) at the time of enregistering.

Enregistration in the Summer Session is compulsory upon all Students, whether attending one or more of the Classes.

### III.

#### COURSES OF LECTURES.

**1 Anatomy.**—[Prof. Scott.]—The importance of Anatomy, both descriptive and in its relation to Medicine and Surgery, is duly considered by the Professor, who employs chiefly the fresh subject in the illustration of the lectures, aided, however, by dried preparations, wax models, plaster casts of dissections, plates, &c., the full size of life.

**2 Practical Anatomy.**—[Drs. Shepherd and MacDonnell.]—Special attention is devoted to this important branch, the teaching being similar to that of the best European schools. The Dissecting-Room is open from 8 a.m. to 10 p.m., the Demonstrators' hours are from 10 to 12 a.m., and 8 to 10 p.m. Special Demonstrations on the Brain, Thorax, Abdomen, Bones, etc., are frequently given. Every Student must be examined *at least* three times on each part dissected, and if the examinations are satisfactory, a certificate is given. Prizes are awarded at the end of the Session for the best examination on the fresh subject. Material provided under cost.

**3 Chemistry.**—[Prof. Girdwood.]—Inorganic Chemistry is fully treated; a large portion of the course is devoted to Organic Chemistry and its relations to Physiology. The branches of Physics bearing upon or connected with Chemistry also engage the attention of the Class. For experimental illustration, abundant apparatus is possessed by the Professor, among which may be enumerated, a powerful Air Pump—Oxy-Hydrogen Microscope—Polariscope—extensive series of Models of Crystals, Electrical and Galvanic apparatus, steam engine, &c., &c.

**4 Practical Chemistry.**—[Prof. Girdwood.]—Thorough instruction is given in the different departments of Practical Chemistry in the Laboratory of the Faculty, under the personal supervision of the Professor. The course includes blow-pipe manipulations, qualitative and quantitative analysis, toxicological investigations, &c., &c. This class may be taken in the Summer Session.

**5 Institutes of Medicine.**—[Prof. Osler and Assistant.]—Embraced in this course are the following classes :—

(a) **Physiology**, comprising,

(1) A full course of didactic lectures upon the structure and functions of the various organs of the body in health. The lectures are illustrated by fresh preparations, diagrams, plates and models, and by experiments with apparatus.

(2) **Practical Physiology** :—In addition to the demonstrations in the Lecture-room, the senior members of the class have an opportunity of attending the following. (a) **Physiological chemistry** (weekly until Christmas), in which each student works over the essentials in the chemistry of digestion, the secretions and the urine. (b) A special demonstration course in **Experimental Physiology** (weekly, after Christmas) with the use of apparatus. Candidates for the Morrice scholarship must take these classes.

(3) **Histology**.—1st. **Normal**. A bi-weekly course of lessons throughout the session. Microscopes, re-agents and material provided. It comprises thorough instruction in the use of the Microscope and the preparation of the tissues, each Student preparing for himself during the course a cabinet of 100 or more specimens. 2nd. **Pathological**, including the Microscope in relation to Practical medicine. B,—weekly in the Summer Session.

(b) **Pathology**, comprising,

(1) Twenty lectures on **General Pathology** to the students of the 3rd year.

(2) **Pathological Demonstrations**—weekly—Saturday, 11 a.m. This course is based upon, and conducted, as far as possible, in the same way as that of Prof. Virchow, at the Berlin Pathological Institute. Specimens of all kinds are collected throughout the week, kept until Saturday, and then brought before the class, when practical comments are made upon them.

(3) **Instruction in Post-Mortems**—The Autopsy Room of the General Hospital is in charge of the Professor, and the post-mortems are performed by the Students in rotation, under his supervision. System and thoroughness in inspection are insisted upon, the method followed being that of Virchow. As far as possible, attention is drawn to the Medical Anatomy of the thoracic and abdominal organs. In connection with this class, aided by the Professor of Medical Jurisprudence, two Coroners' Inquests will be conducted during the Session before the class, and the Medico-legal aspects of post-mortems dwelt upon.

**6 Materia Medica.**—[Prof. Wright.]—In this course the ordinary Medicines, official in the British Pharmacopœia, are taken up in classes, according to their chief actions, and described under the various heads peculiar to Pharmacology. The Therapeutics of each are fully detailed, under the effects that follow from different doses. Those from toxic or over-doses are added, together with the mode

of treatment, etc. The course is illustrated from a cabinet of the various drugs and their preparations, and the plates of Wagner, Roque, Stevenson and Churchill are also shewn. Analytical experiments with the ordinary re-agents are exhibited.

**7 Theory and Practice of Medicine.**—[Prof. Howard.]—While the lectures on this subject are mainly devoted to Special Pathology and Therapeutics, the department of General Pathology in this University being included in the Institutes of Medicine, no opportunity is lost of illustrating and explaining the *general* laws of disease. With the exception of certain affections seldom or never observed in this country, all the important diseases of the body, not described from the chairs of Surgery and Obstetrics, are discussed, and their Pathological Anatomy illustrated by the large collection of morbid preparations in the University Museum, and by fresh specimens contributed by the Demonstrator of Morbid Anatomy.

The College possesses an extensive series of Anatomical plates illustrative of the histological and anatomical appearances of disease, and the wards of the General Hospital afford the lecturer ample opportunities to refer to living examples of very many of the maladies he describes, and to give the results of treatment.

**8 Clinical Medicine.**—[Prof. Ross.]—Attendance is given in the Medical Wards of the Montreal General Hospital on three days of every week. Accurate reports of all cases are kept by duly appointed clinical clerks, and are systematically read before the class. Instruction is given by the bedside, and special inducements are offered to every pupil to take part in the physical examination of patients. The mode of conducting investigations, the use of the microscope, the value of the thermometer and ophthalmoscope, etc., in Medical Diagnosis, are all explained and illustrated. Senior Students are called upon in rotation to examine new cases before the class, and to be examined thereon as to their general knowledge. In addition, one weekly Clinical Lecture is delivered, bearing upon some case or cases of importance which may happen to be under observation at the time. Special attention is directed to Medical Anatomy, and candidates for the degree will be examined thereon.

**9 Surgery.**—The lectures on this subject are divided into, 1st. Surgical Pathology, illustrated by a large collection of preparations from the College Museum, also specimens as they are obtained from cases under observation at the Hospital, and contributed to that collection by the Hospital pathologist and from private sources. The second part of the course is devoted to the practice of Surgery, in which attention is drawn to cases which have been observed by the class during the previous summer session. The various surgical apparatus are exhibited, and their uses and application explained. Surgical Anatomy and Operative Surgery forms a special department of this course, and Quain's and MacLise's plates are used in illustration.

**10 Clinical Surgery.**—[Prof. Roddick.]—This course is eminently practical, consisting of bedside instruction and lectures delivered weekly, illustrative of Surgical cases actually present in the wards of the General Hospital. The class is

taken charge of by the Teacher on alternate days, when the reports of the Clinical clerks are read and criticized, and fresh cases are examined by the senior Students. The Surgical dressings are, as much as possible, reserved for these occasions, so as to give all present an opportunity of participating in the application of splints to fractures, dressing of wounds, minor operations, etc. Major operations are performed in the theatre attached to the Hospital, which is so constructed that the most distant can obtain a fair view of the operation. All of the recently invented appliances for the treatment of Surgical disease have been introduced into the Hospital, prominent among which is a complete outfit of Lister's Antiseptic Apparatus, so that this excellent method of treating wounds is now almost universally adopted.

**11 Midwifery.**—[Prof. McCallum.]—Including diseases of women and children, illustrated by a series of drawings on a large scale, by humid preparations, by models in wax, by the use of the artificial Pelvis, and by cases in the wards of the Lying-in Hospital.

**12 Medical Jurisprudence.**—[Prof. Gardner.]—This course includes *Insanity*, to which a good deal of attention is devoted, the subject being treated of in its Medical as well as Medico-legal aspects. Special attention is devoted to the subject of blood stains, the Clinical, Microscopic and Spectroscopical tests for which are fully described and shown to the class. The various spectra of blood in its different conditions are shown by the Sorby-Browning Micro-spectroscope, so well adapted for showing the reactions with exceedingly minute quantities of suspected material. Recent researches in the diagnosis of human from animal blood are alluded to. In addition to the other subjects usually included in a course of this kind, Toxicology is taken up. The modes of action of poisons, general evidence of poisoning and classification of poisons are first treated of, after which the more common poisons are described with reference to symptoms, post-mortem appearances, and chemical tests. The post-mortem appearances are illustrated by plates, and the tests are shown to the Class.

**13 Hygiene and Public Health.**—[Prof. Gardner.]—A three months' course of Lectures will be delivered on this subject, the attendance upon which is now compulsory. The course comprises lectures on Drinking water and Public water supplies; conditions of Soil and Water as affecting health, including Drainage and the various methods for the removal of Excreta; the Atmosphere, including Heating and Ventilation; Individual Hygiene, comprising the subjects of Food and Drink; Physical Exercise and Bathing; discussion of the respective merits of the various forms of each, precautions, contraindications, etc. Village Sanitary Associations; Mutual Protective Sanitary Associations for cities.

**14 Ophthalmology and Otology.**—[Dr. Buller.]—Will include a course of lectures on diseases of the Eye and the Ear, both Didactic and Clinical. In the former the general principles of diagnosis and treatment will be dealt with; in the latter, cases illustrative of the typical forms of ordinary diseases of these organs

will be exhibited and explained to the class, and afterwards placed under the special care of gentlemen who may show themselves competent to take charge of them. A Course of Operations on the Cadaver will be open to such Students as may wish to avail themselves of the same.

**15 Botany and Zoology.**—[Prof. Dawson.]—The course in Botany is illustrated by specimens, diagrams, models, and the microscope. Students have access without any additional fee to the lectures in Zoology in the Faculty of Arts, and to the Natural History Museum of the University and the Museum of the Natural History Society of Montreal.

**16 Helminthology.**—Students have an opportunity of attending a course of eight lectures on the Parasitic Diseases of Man and the Domestic Animals. (Prof. Osler.) The life history and development of the Entozoa, together with the diseases caused by them, are fully considered. The lectures are illustrated by a series of beautiful diagrams, and by fresh and prepared specimens.

The following are extracts from the University Regulations with respect to the courses of Lectures :

1st. Each Professor shall deliver at least five Lectures during the week, except in the classes of Clinical Medicine and Clinical Surgery, in which three bedside demonstrations and one Clinical Lecture shall be given ; and in that of Medical Jurisprudence, if extended through six months, in which case three Lectures a week will suffice.

2nd. Every Lecture shall be of one hour's duration.

3rd. Every Professor shall occasionally examine his class upon the subjects treated of in his preceding Lectures, and every such examination shall be considered a Lecture.

4th. A roll of the names of the Students attending each class shall be called from time to time.

#### IV.

#### QUALIFICATIONS FOR THE DEGREE.

The following are extracts from the Regulations respecting the qualifications of Candidates for the Degree in Medicine :

1st. No one shall be admitted to the Degree of Doctor of Medicine and Master of Surgery, who shall not either :—1st, have attended Lectures for a period of at least four six months' sessions in this University, or some other University, College, or School of Medicine, approved of by this University ; or, 2ndly, have furnished proof that he has studied medicine during at least four years,

and during that time have attended Lectures for a period of at least three six months' Sessions, including the 1st and 4th, either in this University, or some other University, College, or School of Medicine approved of by this University.

2nd. Candidates for the Final Examination shall furnish Testimonials of attendance on the following branches of Medical Education, viz :—

|                                                      |   |                                                                               |
|------------------------------------------------------|---|-------------------------------------------------------------------------------|
| <i>Anatomy.</i>                                      | } | <i>Of which two Courses<br/>will be required of<br/>six months' duration.</i> |
| <i>Chemistry.</i>                                    |   |                                                                               |
| <i>Materia Medica and Pharmacy.</i>                  |   |                                                                               |
| <i>Institutes of Medicine.</i>                       |   |                                                                               |
| <i>Principles and Practice of Surgery.</i>           |   |                                                                               |
| <i>Midwifery and Diseases of Women and Children.</i> |   |                                                                               |
| <i>Theory and Practice of Medicine.</i>              |   |                                                                               |
| <i>Practical Anatomy.</i>                            |   |                                                                               |
| <i>Clinical Medicine.</i>                            | } |                                                                               |
| <i>Clinical Surgery.</i>                             |   |                                                                               |

|                               |   |                                                                                                         |
|-------------------------------|---|---------------------------------------------------------------------------------------------------------|
| <i>Medical Jurisprudence.</i> | } | <i>Of which one Course of<br/>six months, or two<br/>Courses of three months,<br/>will be required.</i> |
|                               |   |                                                                                                         |

|                             |   |                                                                                |
|-----------------------------|---|--------------------------------------------------------------------------------|
| <i>Practical Chemistry.</i> | } | <i>Of which one Course will<br/>be required of three<br/>months' duration.</i> |
| <i>Botany or Zoology.</i>   |   |                                                                                |
| <i>Hygiene.</i>             |   |                                                                                |

*And a Course of not less than twenty-five Demonstrations upon Microscopic Anatomy, Physiology, and Pathology.*

Provided, however, that Testimonials equivalent to, though not precisely the same, as those above stated may be presented and accepted.

3rd. The Candidate must give proof by ticket of having attended during eighteen months the practice of the Montreal General Hospital, or that of some other Hospital approved of by this University, and have compounded medicines for six months.

4th. He must also give proof by ticket of having attended for at least six months the practice of the University or other Lying-in-Hospital approved of by this University, and of having attended at least six cases of accouchement.

5th. No one shall be permitted to become a Candidate for examination who shall not have attended at least one Session of this University, and one full course of all the branches included in its curriculum.

6th. Courses of less length than the above will only be received for the time over which they have extended.

7th. Every Candidate for the Degree must, on or before the fifteenth of February, present to the Dean of the Medical Faculty testimonials of his qualifications, entitling him to an examination, and must at the same time deliver to the Dean of the Faculty the following Certificate :—

MONTREAL, ———18—

I, the undersigned, being desirous of obtaining the Degree of Doctor of Medicine and Master of Surgery, do hereby declare that I have attained the age of twenty-one years, or (if the case be otherwise), that I shall have attained the age of twenty-one years before the next graduation day, and that I am not (or shall not be at that time) under articles as a pupil or apprentice to any Physician, Surgeon, or Apothecary. (Signed,) A.B.

8th. The trials to be undergone by the Candidate shall be such as are referred to under Section V.

9th. The following Oath or affirmation will be exacted from the Candidate before receiving his degree :

#### SPONSIO ACADEMICA.

In Facultate Medicinæ Universitatis.

Ego, A ———B——, Doctoratus in Arte Medica, titulo jam donandus, sancto coram Deo cordium scrutatore, spondeo ;—me in omnibus grati animi officiis erga hanc Universitatem, ad extremum vitæ halitum, perseveraturum ; tum porro artem medicam caute, caste, et probe exercitaturum ; et, quoad in me est, omnia ad ægrotorum corporum salutem conducentia, cum fide procuraturum ; quæ denique, inter medendum, visa vel audita silere conveniat, non sine gravi causa vulgaturum. Ita præsens mihi spondenti adsit Numen.

10th. The Fee for the Degree of Doctor of Medicine and Master of Surgery shall be twenty dollars, to be paid by the successful candidate immediately after examination, together with a Registration fee of one dollar.

11th. The money arising from the fees of Graduation, as well as those of Enregistration, shall be applied to the enlargement of the Medical Library and Museum, and to defraying their expenses.

#### V.

#### EXAMINATIONS.

In each class a weekly examination is held to test the progress of the Student ; and in addition two or three written examinations are given throughout the Session.

The examinations at the close of each Session are arranged as follows :

*1st Year—*

HISTOLOGY. BOTANY. CHEMICAL PHYSICS.—including—Molecular Forces, Heat, Light, Electricity and Magnetism.

*2nd Year—Primary, Pass Examination.*

ANATOMY.

PRACTICAL ANATOMY.

PHYSIOLOGY.

CHEMISTRY.

PRACTICAL CHEMISTRY.

MATERIA MEDICA.

*3rd Year—*

MEDICAL JURISPRUDENCE WITH TOXICOLOGY.

HYGIENE.\*

GENERAL PATHOLOGY.

*4th Year—*

MEDICINE.

SURGERY.

MIDWIFERY.

CLINICAL MEDICINE.

CLINICAL SURGERY.

MEDICAL ANATOMY.

SURGICAL ANATOMY.

By means of the above arrangement a certain definite amount of work must be accomplished in each year, and an equitable division is made between the Primary and Final branches.

\*May be taken at the end of the Second Year.

With regard to the Primary Examination at the end of the 2nd Year, it remains optional with the Student whether he passes in all the branches or leaves two for the 3rd Year. In any case, Chemistry and one other must be taken at the close of the 2nd Year.

## VI.

**SCHOLARSHIPS, MEDALS AND PRIZES.**

1st. The Holmes Gold Medal, awarded to the Student of the graduating class who receives the highest aggregate number of marks for the best examinations, written and oral, in both Primary and Final Branches.

2nd. A prize in books awarded for the best examination, written and oral, in the Final Branches. The gold medallist is not permitted to compete for this prize.

3rd. A prize in books awarded for the best examination, written and oral, in the Primary Branches.

4th. The Sutherland Gold Medal, awarded for the best examination in Theoretical and Practical Chemistry, together with creditable examination in the Primary Branches.

5th. A Scholarship of the value of \$100, presented by Mr. David Morrice, tenable for one year, given to the Student who passes the best theoretical and practical examination in the Institutes of Medicine.

A prize in books for the best examination in Practical Anatomy.

A prize in books for the best examination in Botany.

A money prize of \$25 for the best collection of Plants. Candidates must be Students in Botany of the previous Session, and the collections or duplicates of them must remain in the College Museum.

## VII.

**FEES.**

Distributed according to years, the class fees are as follows :

**FIRST YEAR.**

|                                                                                     |               |
|-------------------------------------------------------------------------------------|---------------|
| Anatomy .....                                                                       | \$12 00       |
| Institutes of Medicine (Physiology and Pathology, including<br>Demonstrations)..... | 16 00         |
| Materia Medica.....                                                                 | 12 00         |
| Chemistry.....                                                                      | 12 00         |
| Botany.....                                                                         | 5 00          |
| Practical Anatomy.....                                                              | 10 00         |
| Dissecting Material.....                                                            | 5 00          |
| Enregistration.....                                                                 | 4 00          |
| Total.....                                                                          | <hr/> \$76 00 |

## SECOND YEAR.

The same, without Botany, but with Hygiene, \$6, and Practical Chemistry, \$12—Total..... \$89 00

## THIRD YEAR.

|                         |         |
|-------------------------|---------|
| Medicine.....           | \$12 00 |
| Clinical Medicine.....  | 12 00   |
| Surgery.....            | 12 00   |
| Clinical Surgery.....   | 12 00   |
| Midwifery.....          | 12 00   |
| Med. Jurisprudence..... | 10 00   |
| Enregistration.....     | 4 00    |
| <hr/>                   |         |
| Total.....              | \$74 00 |

## FOURTH YEAR.

The same with the omission of Jurisprudence—Total..... \$64 00

## HOSPITAL FEES.

|                                                  |         |

| University Lying-in-Hospital.....                | 8 00    |
| <hr/>                                            |         |
|                                                  | \$33 00 |

Graduation Fee..... \$21  
 Matriculation Fee, payable only if the Student takes the University Matriculation..... \$5  
 Total Collegiate and Hospital expenses, spread over four years, about.....\$375

First Year Students are advised to take out the Hospital ticket, and attend the out-door practice.

It is to be understood that a Student wishing to take any other class than those of his year can do so on payment of the class fee.

*Fees are payable in advance, to the Registrar, at the time of enregistration.*

## VIII.

## TEXT BOOKS.

ANATOMY.—Gray, Wilson, Sharpey and Quain.

PRACTICAL ANATOMY.—Heath's and Ellis' Dissectors, Holden's Dissector and Landmarks.

CHEMISTRY.—Fownes, Miller, Roscoe.

PRACTICAL CHEMISTRY.—Odling, Galloway, Fresenius.

MATERIA MEDICA.—Pereira's Manual by Farre, Bentley, and Warrington.

INSTITUTES OF MEDICINE.—*Physiology*.—Dalton, (7th Edit.) Foster, (Am. Edit.) Kirke's Hand-Book, Huxley. *Pathology*.—Green, Virchow on Post-Mortems, Orth's Compendium.

HISTOLOGY.—Osler.

SURGERY.—Holmes' Surgery, Erichsen, Druitt, Bryant.

PRACTICE OF MEDICINE.—Flint, Roberts, Bristowe, DaCosta.

MEDICAL JURISPRUDENCE.—Taylor's Jurisprudence, Guy and Ferrier's Forensic Medicine, Woodman & Tidy's Handbook, Maudsley on Insanity, Shepherd's Lectures on Madness.

MIDWIFERY.—Churchill, Ramsbotham, Cazeaux, Leishman, Playfair.

HYGIENE.—Parks, Hammond, Wilson.

## IX.

### MUSEUM.

Most of the usual Pathological Specimens are collected here, obtained from Hospital and private practice. They are largely used in illustrating the lectures on Medicine and Surgery. There are also wax and papier-maché models.

Graduates of the University are invited to contribute specimens.

The Curator will be in the Museum every Saturday at 11 a.m. to demonstrate and explain the preparations to any students who may care to attend.

## X.

### LIBRARY.

This comprises between over seven thousand volumes, including all the standard text-books and works of reference, together with complete files of the leading periodicals. Students may obtain books on making a deposit of \$4.00, which is refunded on returning the volumes. During the past year the Library has been thoroughly gone over, a card-catalogue prepared, and many new works added.

## XI.

**MCGILL MEDICAL SOCIETY.**

This Society, composed of enregistered Students of the Faculty, meets once a week during the Summer Session, and fortnightly during the winter, for the reading of papers and the discussion of medical subjects. It is presided over by a physician chosen by the members.

A reading room has been established in connection with the Society, in which the leading English and American medical journals are on file.

## XII.

**COST OF LIVING, &c.**

This will, of course, vary with the tastes and habits of the Student, but the necessary expenses need not exceed those in smaller towns. Good Board may be obtained from \$14 to \$20 per month. A list of Boarding-houses is prepared annually by the Secretary of the University, and may be procured from the Janitor at the Medical College.

## XIII.

**HOSPITALS.****MONTREAL GENERAL HOSPITAL.**

The Montreal General Hospital affords ample means for the instruction of Students in Clinical Medicine and Surgery. The daily number of beds occupied by patients averages from 140 to 150, and during epidemic visitations has reached a much higher number. The Governors have also erected a Hospital for Children, contiguous to the Reid Wing of the present building. The Students have thus an opportunity of becoming familiar with nearly all the diseases of suffering humanity, and with the peculiarities imparted to them by infancy, adolescence, maturity and declining age.

The large number of out-door patients that are treated in the Hospital—averaging from sixty to seventy daily—supply illustrations of

most of the diseases of infants and children, of very many of the eye and skin, and of those chronic and ill-defined ailments which, as they do not require admission to the wards of a hospital, would not otherwise come under the observation of the Student.

The large number of patients affected with diseases of the eye and ear, now attending the out-door department, will afford Students ample opportunity to become familiar with all the ordinary affections of those organs, and to make themselves proficient in the use of the ophthalmoscope, and it is hoped that every Student will thus seek to gain a practical knowledge of this important branch of Medicine and Surgery. Operations are performed on the eye, by Dr. Buller, after the out-door patients have been seen, and Students are invited to attend the same, and, as far as practicable, to keep such cases under observation so long as they remain in the Hospital.

The shipping contributes many examples of accidents and surgical cases.

CLINICAL CLERKS to both medical and surgical wards are appointed every three months, and each one during his term of service conducts, under the immediate direction of the Clinical Professors, the reporting of all cases in the ward allotted him. The holding of one of these offices is found to be of the greatest possible advantage to Students, as affording a true *practical* training for his future professional life. They will be awarded on application at the end of each Session to final Students of that year, in order of their standing in the primary examination.

DRESSERS are also appointed to the Surgical wards and to the Out door Department. For these appointments application is to be made to the Professor of Clinical Surgery, and to the Out-door attending Physicians.

The Operating Room (used also for a lecture room) is so constructed as to enable the Students to obtain a good view of the operations.

## MONTREAL DISPENSARY.

ST. ANTOINE STREET.

About 10,000 patients yearly are treated at this Institution. The cases are of great variety, comprising a large number of pulmonary affections and children's diseases. Minor operations are of daily

occurrence, and excellent practice is afforded in the application of splints and bandages. The attending Physicians furnish Students with all possible facilities. The hours of attendance are from 12-2 daily.

---

### UNIVERSITY LYING-IN HOSPITAL.

This is under the direction of the Professor of Midwifery. Students who have already attended one course of his lectures are furnished with cases in rotation ; they are advised to attend this Institution as much as possible during the summer, when, since there are as many patients and not so many pupils as in winter, a larger proportion of cases falls to the share of each.

The Assistant to the Professor of Midwifery attends each case, and gives instruction to the students in the methods of examination and the diagnosis of presentations.

---

### UNIVERSITY DISPENSARY.

This Dispensary was established two years ago for special clinical instruction in Diseases of Women ; and special clinics have been established at the same place, for diseases of children and for diseases of the skin.

*Diseases of Women.*—The difficulty of affording to senior students practical instruction in gynæcology is felt in most schools, as women will not present themselves for examination before a large class of men. The plan followed for the past two years with marked success has been the limitation of the number of students to two or three, who in rotation assist at the examinations, and receive instruction in the diagnosis and treatment of uterine diseases and the use of gynæcological instruments. The attendance is on Tuesdays, Thursdays and Saturdays, 1-4 p.m.

*Diseases of Children.*—The clinic is on Tuesdays, Thursdays and Saturdays at 11 a.m., when the patients are seen and instruction given on the cases.

*Diseases of the Skin.*—The Surgeon in charge will attend every Monday and Friday at 2 p.m. Arrangements will be made whereby a

PROF. GEO. W. CAMPBELL, A.M., M.D., LL.D.

---

It is with the deepest sorrow and regret that we chronicle with this, the 50th announcement, the death of our oldest Professor and our Dean.

Dr. Campbell had failed in health for some years past, and had retired from all active practice, though continuing to perform a limited amount of consultation work. He went to England in April, and while in London was attacked with pneumonia. Before convalescence was established he went down to Edinburgh, where he died, at the residence of his daughter, on the 30th May.

Dr. G. W. Campbell was born in Roseneath, Dumbartonshire, Scotland, in the year 1810. He entered early upon his medical studies, which he pursued in the Universities of Edinboro, Glasgow and Dublin. After graduating with distinction, he came to Canada in May, 1833, and settled in Montreal, where he spent the remainder of his life.

He was for many years the leading practitioner of this city. He had a great surgical reputation throughout the Dominion, and indeed much beyond its bounds.

In 1835 Dr. Campbell was appointed to the chair of Surgery in this University, which position he continued to hold with credit to himself and great advantage to the school until 1875, exactly 40 years—when, owing to failing health, he resigned. He was made Dean of the Faculty in 1860, taking the place of the late Dr. Holmes. The duties of this office he fulfilled even after his resignation of the chair of Surgery, and it was only in March last that Prof. Howard was appointed Acting Dean in order to relieve him to a certain extent.

Dr. Campbell was held in universal respect and esteem, and his loss leaves a sad blank in our number, one which it will be no easy matter to fill. The Introductory lecture of the session, by Professor Howard, will be upon his life and labors.

Requiescat in pace.

limited number of Students can be present on each occasion. The department will be under the direct supervision of the Professor of Clinical Surgery.

#### XIV.

##### RULES FOR STUDENTS.

1. In the case of disorderly conduct, any Student may, at the discretion of the Professor, be required to leave the Class-room. Persistence in any offence against discipline after admonition by the Professor shall be reported to the Dean of Faculty. The Dean may, at his discretion, reprimand the Student, or refer the matter to the Faculty at its next meeting, and may in the interval suspend from Classes.

2. Absence from any number of lectures can only be excused by necessity or duty, of which proof must be given, when called for, to the Faculty. The number of times of absence, from necessity or duty that shall disqualify for the keeping of a Session, shall in each case be determined by the Faculty.

3. While in the College, Students are expected to conduct themselves in the same orderly manner as in the Class-rooms.

4. When Students are brought before the Faculty under the above rules, the Faculty may reprimand, impose fines, disqualify from competing for prizes and honours, suspend from Classes, or report to the Corporation for expulsion.

#### XV.

##### PAST SESSION.

The total number of students enregistered in this Faculty during the past year was 154, of whom there were, from—

| United States, 19. |    |                |   |

The following gentlemen, 33 in number, have passed their Primary Examination on the following subjects: Anatomy, Practical Anatomy, Chemistry, Practical Chemistry, Materia Medica and Pharmacy,

Institutes of Medicine and Botany or Zoology. Their names and residences are as follows :

|                            |                       |
|----------------------------|-----------------------|
| Addison, James L.....      | West Flamboro, Ont.   |
| Carruthers, George.....    | North Bedeque, P.E.I. |
| Cook, S. E.....            | Aultsville, Ont.      |
| Davies, T. B.....          | Ottawa, Ont.          |
| Duncan, J. A.....          | Duncanville, Ont.     |
| Elderkin, E. J.....        | Apple River, N.S.     |
| Gale, Hugh.....            | Elora, Ont.           |
| Gooding, C. E.....         | Barbadoes, W.I.       |
| Graham, G. A.....          | Hamilton, O.          |
| Henry, W. G.....           | Chatham, O.           |
| Johnson, J. R.....         | Farmersville, O.      |
| Johnston, Wyatt G.....     | Sherbrooke, Q.        |
| Martel, Ovide.....         | Montreal, Q.          |
| Meahan, J. C.....          | Bathurst, N.B.        |
| Maher, J. J.....           | Albany, N.Y.          |
| Menzies, John.....         | Pembroke, O.          |
| McDonald, N. J.....        | Mount Stewart, P.E.I. |
| McInernay, J. P.....       | Kingston, N.B.        |
| McLean, Isaac N., B.A..... | Pictou, N.S.          |
| McLean, J. W.....          | Strathlorne, N.S.     |
| McLeod, Arch., B.A.....    | Orwell, P.E.I.        |
| McNeill, Alex.....         | Charlottetown, P.E.I. |
| Nelson, W. M.....          | Montreal, Q.          |
| Phippen, S. S. C.....      | Parkhill, O.          |
| Porteous, William.....     | Pembroke, Ont.        |
| Renner, W. Scott.....      | Jordan Station, O.    |
| Ross, W. K.....            | Goderich, O.          |
| Rowell, George B.....      | Abbotsford, Q.        |
| Smith, E. H.....           | Prescott, O.          |
| Smyth, Herbert E.....      | Worcester, Mass.      |
| Walker, Felix D.....       | Launcheon, P.E.I.     |
| Wilson, S. F., M.A.....    | Springfield, N.B.     |
| Wood, E. S.....            | Faribault, Minn.      |

The following gentlemen, 27 in number, have fulfilled all the requirements to entitle them to the degree of M.D., C.M., from the University. These exercises consist in examinations, both written and oral, on the following subjects : Principles and Practice of Surgery, Theory and Practice of Medicine, Obstetrics and Diseases of Women and Children, Medical Jurisprudence and Hygiene,—and also Clinical Examinations in Medicine and Surgery conducted at the bedside in the Hospital :

|                                          |                       |
|------------------------------------------|-----------------------|
| Brown, Chas. O.....                      | Lawrenceville, Q.     |
| Burland, Benj. W.....                    | Port Kent, N.Y.       |
| Campbell, Lorne.....                     | Montreal, Q.          |
| Cattanach, Angus M....                   | Dalhousie Mills, O.   |
| Christie, Edmund.....                    | Lachute, Q.           |
| Cousins, W. C.....                       | Ottawa, O.            |
| Derby, William J.....                    | North Plantagenet, O. |
| Duncan, W. T.....                        | Granby, Q.            |
| Dunlop, H. A.....                        | Pembroke, O.          |
| Dawson, Rankin, B.A. (McGill).....       | Montreal, Q.          |
| Gale, Hugh.....                          | Elora, O.             |
| Grant, James A., B.A. (Queen's).....     | Ottawa, O.            |
| Howard, Robt. J. B., B.A. (McGill).....  | Montreal, Q.          |
| Hurdman, B. F. W.....                    | Aylmer, Q.            |
| Klock, R. F.....                         | Aylmer, Q.            |
| McCorkill, R. K. C.....                  | Montreal, Q.          |
| McDonald, A. R.....                      | Trinity, Texas.       |
| McLean, T. N.....                        | Perth, O.             |
| Musgrove, W. J.....                      | West Winchester, O.   |
| Ogden, Henry V., B.A. (Trinity).....     | St. Catharines, O.    |
| O'Brien, T. J. Pierce.....               | Worcester, Mass.      |
| O'Keefe, Henry.....                      | Lindsay, Ont.         |
| Rutherford, Clarendon, M.A. (Union)..... | Waddington, N.Y.      |
| Shaw, Alex.....                          | Seaforth, O.          |
| Smith, E. W., A.B. (Yale).....           | West Meriden, Conn.   |
| Thompson, W. E.....                      | Harbour Grace, Nfld.  |
| Thornton, H. W., B.A. (McGill).....      | Montreal, Q.          |

Messrs. Howard and Campbell, natives of the Province of Quebec, have fulfilled all the requirements for graduation, but await the completion of four years from the date of passing the matriculation of the Provincial Board before receiving the degree.

Mr. A. D. Struthers who passed his examination last session, received his degree on this occasion.

The following have passed in Chemistry :—

|                                     |                   |
|-------------------------------------|-------------------|
| Allan, J. H. B.....                 | Montreal, Q.      |
| Barrett, Joseph.....                | Prescott, O.      |
| Cameron, D. A.....                  | Strathroy, O.     |
| Doherty, W. W.....                  | Kingston, N.B.    |
| Ferguson, W. A., B.A. (McGill)..... | Richibucto, N.B.  |
| Hallett, E. O.....                  | Truro, N.S.       |
| Hutchison, J. A.....                | Godrich, O.       |
| Johnson, Charles H.....             | Almonte, O.       |
| Jolliffe, J. H., B.A.....           | Cincinnati, Ohio. |

|                                      |                |
|--------------------------------------|----------------|

### MEDALS, PRIZES AND HONOURS.

THE HOLMES GOLD MEDAL FOR THE BEST EXAMINATION IN THE PRIMARY AND FINAL BRANCHES was awarded to Robert J. B. Howard, B.A., Montreal.

THE PRIZE FOR THE BEST FINAL EXAMINATION was awarded to H. V. Ogden, B.A., of St. Catharines, Ont.

THE PRIZE FOR THE BEST PRIMARY EXAMINATION was awarded to George A. Graham, of Hamilton, Ont.

THE SUTHERLAND GOLD MEDAL was awarded to Wyatt G. Johnston of Sherbrooke, Q.

The Morrice Scholarship in Physiology was awarded to Wyatt G. Johnston, of Sherbrooke, Q.

The following gentlemen, arranged in the order of merit, deserve honourable mention :—

In the Final Examination, H. V. Ogden, B.A., H. W. Thornton, B.A., Rankin Dawson, B.A., E. Christie, Alex. Shaw, and W. T. Duncan.

In the Primary Examination, G. Carruthers, G. B. Rowell, C. E. Gooding, W. G. Johnston, F. D. Walker, E. J. Elderkin, Alex. McNeill, W. G. Henry and Arch. McLeod, B.A.

PROFESSORS' PRIZES.

BOTANY.—First Prize, Edwin G. Wood, of Londesboro, O.

FOR THE BEST COLLECTION OF PLANTS.—W. W. Doherty, of Kingston, N.B.

PRACTICAL ANATOMY.—Demonstrator's Prize, awarded to George Carruthers, of Charlottetown, P.E.I., who was closely pressed by Chas. E. Gooding, of Barbadoes.

## XVI.

## SUMMER SESSION.

APRIL 17TH—JULY 10TH, 1882.

---

The Seventh Summer Session of the Faculty of Medicine will begin on the 17th of April, and continue 12 weeks.

The Classes are chiefly practical and demonstrative, and are designed to supplement and extend the teaching of the regular Winter Session.

The experience of the past Sessions has been very encouraging both in regard to the numbers in attendance and the diligence with which the classes have been followed ; and the Faculty hopes that all students will endeavor to take one or two of these extra Sessions, the fees for which have purposely been placed so low as to be almost nominal.

The special advantages of attendance upon a Summer Session are :—

(1) The benefit derived from the practical and demonstrative classes.

(2) Dresserships and Clinical Clerkships are more easily obtained at the Hospitals, and the student has more time at his disposal to follow up the cases.

(3) Cases of Midwifery are obtained in greater numbers at the Lying-in-Hospital.

(4) Systematic study can be carried out more effectively than at home.

The advantages offered by the city of Montreal for the practical study of Medicine and Surgery are unequalled in the Dominion. In the wards of the General Hospital there is always—and more particularly in the summer months, when navigation is opened—a large collection of interesting medical and surgical cases. In the out-door department there is a daily attendance of between 60 and 70 patients, which affords excellent instruction in Minor Surgery, routine medical

practice, and Diseases of Children. The Eye and Ear Department will afford to the student an opportunity of studying practically, under skilled direction, these important branches. At the University Dispensary, there will be Demonstrations on Gynæcology, on Diseases of Children and on Diseases of the Skin.

Dresserships and Clinical Clerkships may be obtained on application to the Attending and Out-door Physicians.

The Faculty has much pleasure in announcing the following prospectus :

**Clinical Instruction at Bedside:** { **Surgery..** **G. E. Fenwick, M.D.**  
Daily. { **Medicine.** **W. Osler, M.D.**

**Diseases of Women**—Methods of examining patient ; use of speculum and uterine sound ; disorders of menstruation ; leucorrhea, its causes and treatment ; tumors of the uterus, displacements of uterus, &c. } **D. C. McCallum, M.D.**

**Symptomatology**—Twelve lectures on certain prominent symptoms referable to diseases of the Pulmonary, Circulatory, Urinary, Digestive and Nervous Systems. } **Geo. Ross, M.A., M.D.**

**The Urine**—In Health and Disease ; urinary deposits ; chemical and microscopical characters ; abnormal constituents ; modes of analysis. } **G. P. Girdwood, M.D.**

**Practical Gynæcology**—For senior students. At University Dispensary. Thrice weekly. } **D. C. McCallum, M.D.**  
**W. Gardner, M.D.**

**Practical Obstetrics**—Instruction in the diagnosis of presentations and clinical management of cases. At Lying in Hospital. } **A. A. Browne, B.A., M.D.**

**Ophthalmic and Aural Surgery**—Twelve Clinical Lectures on cases in the Theatre. Extra hours for Ophthalmoscopic work, and instruction in operations. } **F. Buller, M.D.**

**Diseases of the Skin**—Clinical Demonstrations, with remarks. Thrice weekly. At University Dispensary. } **T. G. Roddick, M.D.**

**Operative and Minor Surgery**—Course of operations on the cadaver ; bandaging ; application of splints ; hæmostatics ; catheterism, &c. } **F. J. Shepherd, M.D.**

**Prescription and Prescribing**—Lessons in Prescription writing and the act of Prescribing ; weights and measures ; officinal and non-officinal preparations ; grammatical construction of Prescriptions ; dosage for adults and children ; hypodermic medication ; medicinal combinations ; incompatibility. Weekly. } **R. L. Macdonnell, B.A., M.D.**

**Diseases of the Throat**—Method of examination ; use of instruments ; general Pathology and Therapeutics ; acute, chronic, tubercular and syphilitic laryngitis ; functional disorders ; pharyngitis ; tonsillitis and diseases of nose, pharynx and nasal cavities. } **G. W. Major, B.A., M.D.**

**Diseases of Children**—Anatomical and physiological peculiarities of infancy and childhood ; mode of examination of sick children ; peculiarities of symptoms ; therapeutics and dosage ; consideration of the more common and important diseases of childhood. } **A. D. Blackader, B.A., M.D.**

**Morbid Anatomy**—Consisting of twenty demonstrations in the autopsy room of the Hospital. Students will make the post-mortems in rotation, and receive instruction in the method of performing them, and keeping record of their observations. } **William Osler, M.D.**

**Museum Instruction**—The Curator will give information and instruction upon the specimens to any students who may care to attend. Days and hours to be hereafter named. } **Wm. Sutherland, M.D.**

All students desirous of attending the above courses are expected to register their names with the Registrar *within one week* after the beginning of the Session, and to pay a *fee* of \$15, when a ticket will be issued admitting to the lectures, which ticket must be presented. Enregistration and payment of the fee are compulsory upon all students, whether attending one or more of the classes.

A printed certificate of attendance will be issued at the close of the Session.

The following courses will be also conducted during the summer, and may be taken by enregistered students :

**Practical Chemistry**, including blowpipe manipulation, qualitative analysis, toxicological investigations, analysis of urine, &c. This course is the same as, and may be taken in lieu of, the Sessional Course during the winter. FEE, \$12. } **G. P. Girdwood, M.D.**

**The Microscope in Medicine**—A course of twenty four lessons. Microscopes, reagents, and material provided. FEE, \$15. } **Wm. Osler, M.D.**

For further information apply to

WILLIAM OSLER, M.D.,  
Registrar of the Medical Faculty,  
1351 ST. CATHERINE ST.

## LIST OF THE PRIZE-MEN AND MEDALLISTS IN THE MEDICAL FACULTY.

In 1855 the examinations were divided into Primary and Final Prizes and were established for the best Thesis and for the best examinations in the Primary and Final Branches.

In 1865 the Holmes Gold Medal was established in honour of Dr. Holmes, and is given for the best examination in both Primary and Final Branches.

The following is the list with the present addresses of the recipients :

1854. *For General Proficiency.—1st Prize.*—Robt. Craik, Montreal.  
*2nd Prize.*—Thomas Simpson, Montreal.
1855. *Thesis.*—James McG. Stevenson, Bryanston, Ont.  
*Final Examination.*—James McG. Stevenson, Bryanston, Ont.  
*Primary Examination.*—Walter J. Henry.\*
1856. *Thesis.*—Walter James Henry,\* and W. J. Jones, Prescott, O.  
*Final Examination.*—E. Laberge, Ste. Philomène, Q.  
*Primary Examination.*—Levi R. Church, Montreal, Q.
1857. *Thesis.*—Levi R. Church, Montreal, and D. T. Robertson, Lennoxville, Q.  
*Final Examination.*—Levi R. Church, Montreal, Q.  
*Primary Examination.*—James Kerr.\*
1858. *Thesis.*—Timothy F. English\* and W. H. Taylor, Peterboro, O.  
*Final Examination.*—Wm. Harkin.\*  
*Primary Examination.*—James J. O'Dea, Stapleton, Staten Island New York
1859. *Thesis.*—Edward W. Smith.\*  
*Final Examination.*—James J. O'Dea, Stapleton, Staten Island, New York.  
*Primary Examination.*—Henry Warren.\*
1860. *Thesis.*—J. W. Pickup, Brockville, O.  
*Final Examination.*—Henry Warren.\*  
*Primary Examination.*—Joseph M. Drake, Montreal, Q., and Fred. D. Sutherland.\*
1861. *Thesis.*—Joseph M. Drake, Montreal ; F. J. Austin, Sherbrooke, Q., and D. I. Philip, Brantford, O.  
*Final Examination.*—Joseph M. Drake, Montreal, Q.  
*Primary Examination.*—Thomas C. Walton.
1862. *Thesis.*—R. M. Bucke, London, O.  
*Final Examination.*—John A. Stewart.\*  
*Primary Examination.*—John J. Marston, U. S. Army.
1863. *Thesis.*—Wm. C. Gustin, Detroit, Mich.  
*Final Examination.*—J. J. Marston, U. S. Army.

- Primary Examination*.—R. A. Kennedy, Montreal, Q., and Peter A. McDougall, Ottawa, and C. F. Bullen.\*
1864. *Thesis*.—W. W. Squire \*
- Final Examination*.—D. Howard Harrison, St. Mary's, O.
- Primary Examination*.—Kenneth Reid,\* New York.
1865. *Holmes Gold Medal*.—E. P. Hurd, Newburyport, Mass.
- Final Examination*.—H. L. Vercoe, Egmondville, O.
- Primary Examination*.—George Ross, Montreal, and W. Gardner, Montreal.
1866. *Holmes Medallist*.—George Ross, M.A., Montreal, Q.
- Final Examination*.—William Gardner, Montreal, Q.
- Primary Examination*.—Clinton W. Kelly, Louisville, Ky.
1867. *Holmes Medallist*.—Clinton W. Kelly, Louisville, Ky.
- Final Examination*.—C. W. Kelly, Louisville, Ky.
- Primary Examination*.—Wm. Henry Paterson.\*
1868. *Holmes Medallist*.—T. G. Roddick, Montreal, Q.
- Final Examination*.—T. G. Roddick, Montreal, Q.
- Primary Examination*.—Andrew Harkness, New Lancaster, O.
1869. *Holmes Medallist*.—T. D. Lucas.\*
- Final Examination*.—Andrew Harkness, New Lancaster, O.
- Primary Examination*.—Alexander A. Henderson, Ottawa, O.
1870. *Holmes Medallist*.—A. A. Henderson, Ottawa, O.
- Final Examination*.—O. H. E. Clarke, Cohoes, Vt.
- Primary Examination*.—J. H. Mathieson, St. Mary's, O.
1871. *Holmes Medallist*.—J. H. Mathieson, St. Mary's, O.
- Final Examination*.—H. P. Wright, Ottawa, O.
- Primary Examination*.—Thomas Kelly, Durham, O.
1872. *Holmes Medallist*.—Hamilton Allan, Oconto, Wis.
- Final Examination*.—G. A. Stark, Milwaukee.
- Primary Examination*.—F. J. Shepherd, Montreal.
- Special Prize for Thesis*.—W. Osler, Montreal.
1873. *Holmes Medallist*.—Thomas Kelly, Durham, O.
- Final Examination*.—D. A. Alguire, Cornwall, Ont.
- Primary Examination*.—J. D. Cline,\* B.A.
1874. *Holmes Medallist*.—J. D. Cline, B.A.\*
- Final Examination*.—J. C. Cameron, Montreal.
- Primary Examination*.—Simon J. Tunstall, B.A., Lytton, B.C.
1875. *Holmes Medallist*.—S. J. Tunstall, B.A., Lytton, B.C.
- Final Examination*.—J. B. Benson, Chatham, N.B.
- Primary Examination*.—C. S. Murray, B.A.\*
1876. *Holmes Medallist*.—Robt. H. W. Powell, Ottawa.
- Final Examination*.—Chas. Murray, B.A.\*
- Primary Examination*.—Alex. C. Fraser, Manitowoc, Wis.
- Special Prize for Thesis*.—R. L. MacDonnell, B.A., Montreal.

1877. *Holmes Medallist*.—James Bell, Montreal, Q.  
*Final Examination*.—W. D. Oakley, London, Eng., Montreal.  
*Primary Examination*.—H. N. Vineberg, Brandon, Man.
1878. *Holmes Medallist*.—H. N. Vineberg, Brandon, Man.  
*Final Examination*.—T. W. Mills, M.A., Montreal.  
*Primary Examination*.—W. R. Sutherland, Montreal, Q.
1879. *Holmes Medallist*.—J. B. Lawford, London, Eng.  
*Final Examination*.—A. W. Imrie, Detroit.  
*Primary Examination*.—J. A. McDonald, Montreal.
1880. *Holmes Medallist*.—J. A. McDonald, Montreal.  
*Final Examination*.—H. B. Small, Ottawa.  
*Primary Examination*.—James Ross, B.A., DeWittville, Q.  
*Sutherland Gold Medal*.—H. W. Thornton, B. A., Montreal.
1881. *Holmes Medallist*.—James Ross, B.A., DeWittville, Q.  
*Final Examination*.—John W. Ross, Lansenburg, N. Y.  
*Primary Examination*.—R. J. B. Howard, B.A., Montreal.  
*Sutherland Gold Medal*.—C. E. Cameron, Montreal.
1882. *Holmes Medallist*.—R. J. B. Howard, B.A., Montreal.  
*Final Examination*.—Henry V. Ogden, B.A., New Orleans  
*Primary Examination*.—George A. Graham, Hamilton, O.  
*Sutherland Gold Medal*.—Wyatt G. Johnston, Sherbrooke, Q.  
*Morrice Scholarship*.—Wyatt G. Johnston, Sherbrooke, Q.
